CHEMSPIDER

ChemSpider is a free chemical structure database providing fast text and structure search access to over 58 million structures from hundreds of data sources.

CLOCKSS

If content that is held in the Archive disappears (or is about to disappear) from the Web, *CLOCKSS* will “trigger” it for Open Access. Since *CLOCKSS* launched in 2008, 53 journals comprising 13,000 articles have been triggered – a very small fraction of the 20,000+ journal titles that the Archive preserves, and no books have been triggered.

DE GRUYTER OPEN BOOKS

De Gruyter is the largest independent academic publisher of open access books, and more than 900 open access books are available.

DE GRUYTER OPEN JOURNALS

De Gruyter publishes fully open access journals and all articles undergo double blind peer-review and fast turnaround time from submission to online publication. All open access journals are indexed by the relevant Abstracting & Indexing services and the Directory of Open Access Journals (DOAJ).

DOAJ

DOAJ is a community-curated online directory that indexes and provides access to high quality, open access, peer-reviewed journals.

FREEBOOKS4DOCTORS

Free medical books are available online, free and in full-text.

FREE MEDICAL JOURNALS

Free medical journals available online and in full-text.

HIGHWIRE FREE ACCESS JOURNALS

200 peer-reviewed open access journals of Science, Technology and Medicine.

INTECH OPEN ACCESS

InTech Open Access is built by scientists, for scientists providing a collaborative environment for peer-reviewed scientific content and book publishing of academic research.

INTER-RESEARCH OPEN ACCESS

IR is established as a well-respected publisher of scientific journals and books. *IR* makes broadly relevant Theme Sections and Feature Articles available as online Open Access documents.

NATURE JOURNALS ONLINE

Nature Research have built a portfolio of more than 70 journals with an open access option. These range from multidisciplinary titles such as *Nature Communications* to highly specialized titles such as the *Nature Partner Journals* series.

OPEN ACCESS THESES AND DISSERTATIONS

OATD aims to be the best possible resource for finding open access graduate theses and dissertations published around the world. Metadata (information about the theses) comes from over 1000 colleges, universities, and research institutions. *OATD* currently indexes 2,979,887 theses and dissertations.

PROJECT EUCLID

Project Euclid's mission is to advance scholarly communication in the field of theoretical and applied mathematics and statistics.

STELLENBOSCH UNIVERSITY LIBRARY AND INFORMATION SERVICE (OPEN ACCESS)

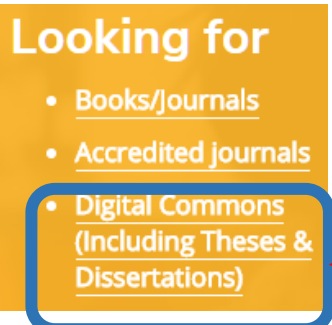

The implementation of a platform to host (open access) online journals is a collaborative effort between the Library and Information Service and departments and units affiliated with Stellenbosch University, in support of the mission and strategy of the University. *SUNJournals* is the name of this service.

6. DIGITAL COMMONS (including theses and dissertations)

This Institutional Repository contains academic and research output from Nelson Mandela University, Nelson Mandela Metropolitan University (NMMU), Port Elizabeth Technikon, and the University of Port Elizabeth.

6.1. ACCESS TO DIGITAL COMMONS

- Go to the Library website: <http://library.mandela.ac.za>

- On the library website, click on

7. FINDPLUS

The Nelson Mandela University Library and Information Services provide **FindPlus**, a new way to search all scholarly material.

Rather than searching the catalogue and various online databases separately, you can now search them all at once from one starting point, with a “Google-like” search.

You will discover all types of relevant content on the very first page of the results, including books, e-books, journal articles, and digital collections.

Search results can be limited by format, collection, location, date, language and an online database. You will be able to place holds, request Inter-Library Loans, email the search results and even export the results into a reference management tool, like EndNote.

Behind this funky name there is a complex product, **Encore**, created by Innovative (www.iii.com) in partnership with EBSCO Discovery Service™ (EDS).

7.1. ACCESS TO FINDPLUS

1. Go to the Library website: <http://library.mandela.ac.za>

2. On the library website, locate

Off campus access

You can access FindPlus from off campus, but to view full details of resources you will need a Library PIN to verify yourself as a Nelson Mandela University student or staff member. See section 3.1

7.2. HOW TO USE FINDPLUS

- Enter search terms into the single search box

- Refine results by criteria such as format, location, collection, date etc.
- View results and link directly to the full text if provided
- Save, e-mail or print results

8. CLASSIC CATALOGUE

The *Classic Catalogue* is a computerized catalogue of the books, serials, videos, theses, audio cassettes, CD-ROMs, etc. owned by the Nelson Mandela University Library and Information Services (LIS).

The *Classic Catalogue* is searchable from computers located throughout the campus and from off-campus.

The *Classic Catalogue* also provides access to the holdings of the South East Academic Libraries System (SEALS), a consortium of academic libraries in the Eastern Cape.

Training sessions are available at all the LIS campus libraries to assist patrons with their information needs. Please enquire at the Information Services Desks.

8.1. ACCESS TO THE CLASSIC CATALOGUE

- Go to the Library website: <http://library.mandela.ac.za>

- On the library website, click on  Classic catalogue

The *Classic Catalogue* can be searched by words, author, title, subject, etc. Double click on a title in the search results to look at it in the full display format which will give the call number, location and bibliographic description of the item.

9. EBOOKS

The Library has two platforms where one can find ebooks, the *Classic Catalogue* and *eBook Collection (EBSCOhost)*.

Some of the ebooks that we subscribe to have restrictions on accessibility and use. These restrictions are often created by the owner of the content whether it be a publisher, author, or another party who maintains rights over the digital product. The conditions often determine who can access the ebook, how it can be accessed or used, or if it can be downloaded or printed.

The following sections explain how to access ebooks via the *Classic Catalogue* and *eBook Collection (EBSCOhost)*.

Search and Sort: sorted by relevance

Search Tips

Wildcards Words may be right-hand truncated using an asterisk (*) in place of other characters. The st wildcard may also be embedded in a search string. You may use '?' to replace a single character anywhere within a word.
Examples : environment* polic*, wom?n

Boolean Operators Use "and" or "or" to specify multiple words in any field, any order. Use "and not" to exclude words.
Example : stocks and bonds
Example : (alaska or canada) and (adventure and not vacation)

Field limits A field limit causes the system to search only the specified field for the specified word(s).

Grouping Keyword search results are usually grouped by relevance to bring the most likely titles to the top of the list. Each group represents a similar level of relevance and results are sorted within the group by date or title. To get an ungrouped result set, use boolean operators to form a complex query.

1. Type your keyword/s in the textbox. You can also type in a title or author.
2. You can also choose a specific location (campus branch). The results will include ebooks from other universities as well on "ANY" as location indicator. Specify according to Nelson Mandela University campus to make sure that you will be able to download the information.
3. Select material type (E-Book).
4. Set date parameters to specify the results.
5. Click on "Submit" to find results.

9.2. LOCATING EBOOKS VIA EBOOK COLLECTION (EBSCOHOST)

Accessing EBSCOhost

A screenshot of the Nelson Mandela University Library and Information Services website. The page title is "Databases". It features a navigation menu at the top with "Home > Information resources > Databases". Below the title, there are instructions for off-campus access and a search bar. A list of databases is displayed, categorized by letter (A, B, C). A red arrow points to the letter "E" in the alphabetical index, with a callout box stating: "Click on E which will immediately take you to EBSCOhost on the database list, then double click on EBSCOhost OR". Another red arrow points to the "eBook Collection (EBSCOhost)" entry in the list, with a callout box stating: "Alternatively scroll down to EBSCOhost and double click on EBSCOhost".

Scroll down to eBook Collection (EBSCOhost)

A screenshot of the "eBook Collection (EBSCOhost)" database entry. The entry is titled "eBook Collection (EBSCOhost)" and includes a description: "Search and view the full text of eBooks." Below the description is a "More Information" link. A red arrow points to the "eBook Collection (EBSCOhost)" title, with a callout box stating: "Click on eBook Collection (EBSCOhost)".

eBook Collection (EBSCOhost) home page

The screenshot shows the EBSCOhost eBook Collection home page. At the top, there is a search bar containing the word "marketing" and a "Search" button. A blue callout box points to the search bar with the text: "Type keyword/author or title in the textbox, click on Search". Below the search bar, there is a "Browse By Category" sidebar on the left, listing various subjects like Children's & Young Adult Fiction, Arts & Architecture, etc. The main content area is divided into "Highlights" and "Featured eBooks". The "Highlights" section shows a row of book covers with titles like "Study Abroad Pedagogy", "Cosmetic Formulation", "Water Ethics: A Value A...", "Human Rights in the Media...", "Climate Change and Crop R...", "Sustainable and Connected Strategy", "English Grammar and Teach...", "Hyperspectral Indices and...", and "The Sponsor Effect". A blue callout box points to this section with the text: "Popular ebooks are also highlighted". Below the "Highlights" section is the "Featured eBooks" section, which has a sub-section titled "Body, Mind & Spirit" showing book covers like "The Mindfulness and Accept...", "The Science of Near-Death...", "Kabatlah YOGA: Embodying...", "Caring for a Loved One with Dementia", "First Gear: A Motorcycle...", "Our Journey with Proteas...", and "Stillness is the Way". A blue callout box points to this section with the text: "Latest featured ebooks". Another blue callout box points to the "Browse By Category" sidebar with the text: "Ebooks can also be browsed according to category".

9.3. CHECKING OUT EBOOKS IN THE EBOOK COLLECTION (EBSCOHOST)

- Ebooks can be issued up to 7 days in *eBook Collection (EBSCOhost)*
- Once the loan period has expired the book will be returned automatically
- You need to create an EBSCOhost account to checkout ebooks
- Creating an account is a once-off action, thereafter you need to sign into EBSCOhost every time you want to checkout ebooks

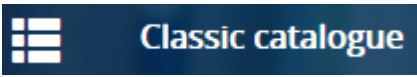

Note: To download ebooks, you must have Adobe Digital Editions installed on your computer. We recommend ensuring you have the **most recent version** of Digital Editions installed. There is a free download available at: <http://www.adobe.com/products/digital-editions/download.html>

5. The Consequences of Integrating Stakeholder Engagement in Sustainable Development (Environmental Perspectives).

By: Salem, Milad Abdelnabi; Shawtari, Fekri; Shamsudin, Mohd Farid; Hussain, Hafezali Bin Iqbal. *Sustainable Development*. May/Jun2018, Vol. 26 Issue 3, p255-268. 14p. Abstract: Abstract: This paper aims to identify the consequences of integrating stakeholder engagement in **sustainable development** represented by environmental performance using data from 226 industrial corporations. To the best of our knowledge, there is no empirical evidence on how three levels of stakeholder integration (knowledge, interaction and adoptive behaviour) might affect environmental performance as represented by a reduction in both resource usage and waste. Additionally, related research has been conducted in developed countries, with little attention being directed to developing countries. The paper aims to fill these gaps by providing empirical evidence on how the stakeholder theory might work in less-developed countries. The study opts for a cross-sectional study using a self-reported questionnaire. Structural equation modelling indicated that engaging stakeholders in corporate activities would result in less damage to the environment. However, the knowledge of stakeholders per se will not lead to any reduction in either waste or resource usage.
